

KEEP IT WILD

Saturday, March 16, 2019:

We will join the Laguna Canyon Foundation and OC Parks at a habitat restoration stewardship event in Laguna Coast Wilderness Park as we learn and work together to create a healthier habitat for the native plants and wildlife that call the canyon their home. From 8:00 to 11:00 AM we will assist with various stewardship activities, including removal

of non-native plants, seed collection, and/or planting of native plants. No experience is necessary and all tools and snacks will be provided. Please wear long pants, close toed shoes, sun protection and bring water. Youth ages 16 and 17 are eligible to volunteer with parent permission. A form is required to be signed by their parent or guardian prior to starting the volunteer activities. Youth under the age of 16 are not eligible to

volunteer unless accompanied by an adult or guardian. Forms are available on this page: www.lagunacanyon.org/activities. For questions, call 949-497-8324 Mon-Fri or 949-923-2235 Sat/Sun. Come out and join the Sierra Sage team to help restore the wild lands we all enjoy! Important: You must register online for this activity with the Laguna Canyon Foundation!

Meet 8:00 am at Big Bend Staging Area with water, long pants, close toed shoes, water, work gloves, hat, sunblock. Parking: Free for Keep It Wild volunteers! Directions to trailhead: Going south Laguna Canyon Road past the intersection with El Toro Road, turn R into Big Bend (NOT WILLOW) parking lot. Ldrs: Ed & Helen Maurer, balois@cox.net - 7gables@cox.net. 949.357.9931 - 949.768.0417.
