Sierra Sage of South Orange County, a Group of the Sierra Club ■ Bimonthly Events & Outings

*You are invited to join us at
Our bi-monthly meeting!*

Climate Change & Global Warming— the fourth of our topics on the subject

This will be a truly electrifying evening as we continue our exploration of personal solutions and approaches to Climate Change and Global Warming. The program's focus is on making our homes carbon neutral. Our speaker will show the environmental advantages of going electric inside the home and of creating a better envelope around it. Since our homes are a large source of greenhouse gas emissions that we can control, the techniques to reduce these emissions are relatively easy to accomplish. Join us to learn how to reduce your home's carbon footprint.

Annual Election of Officers, Sierra Sage Group

Each year, half of the members of the Sierra Sage Group's terms expire and we are required to conduct an election. The Angeles Chapter will do the same thing for the Chapters Executive Committee. The actual ballot of Chapter candidates and Sierra Sage Candidates will be sent out to our members. If you are a member of the Sierra Sage Group, you will get both the Chapter Executive Committee candidates and the Sierra Sage Group Executive Committee candidates. The actual ballot information and procedures will be sent to all the members in a few weeks. It will let you know the voting process and the time periods that you can vote.

There are six candidates for five positions. We believe that it is important to let you know as soon as we can! Herein is the information on the Sierra Sage Group Executive Committee Candidates:

■ Candidate Statement, Duana Miller

I am running for reelection to the Executive Committee of the Sierra Sage. I am currently the Vice Chair and have served as Chair and an Outings leader in the past. I am anxious to continue serving the organization in leadership as well as supporting environmental causes that we support. Please consider supporting me.

■ Candidate Statement, Helen Maurer

I have been a member of the Sierra Club for decades and became a leader of the Wednesday hikes in the early 2000s. From 2010 to 2018 my husband and I led European hiking trips for the Angeles Chapter. For the past 2 years I have served on the Sierra Sage Ex Com. Simply put, I enjoy the outdoors and enjoy sharing the many beauties of our world—and a sense of how precious it is—with others. Serving on the Ex Com is yet another way to do this.

■ Candidate Statement, Linda Ledger

I am running to be a member of the EXCOM of Sierra Sage because I believe strongly in the goals of the Sierra Club to preserve, protect and enjoy our natural environment. I have been a Sierra Club member since 1989 and have been an EXCOM member for the past 4 years. As an active hike leader and a novice trip leader, I think it is important to have a voice in matters affecting our area's environment and the activities we lead and sponsor.

■ Candidate Statement, Risa Koppel

With this statement, I am reaching out to you to share a little about myself and to express my desire to participate as a member of the Executive Committee. I am huge supporter of the Sierra Sage group and all the good works that the 2group does. I have a demonstrated record and a passion for numerous areas of environmental preservation and protection. And, like many of you, I support those politicians who support our environment and wildlife causes.

Personally, I bring responsibility and personal commitment to all my civic, community, and professional activities:

— Volunteer my graphic design services to the production of the Sierra Sage newsletter.

— Local Coordinator, CCI Greenheart, an International Exchange Student Program in South Orange County

In summary, I would love the opportunity to add my participation to the Executive Committee and I would sincerely appreciate your vote.

■ Candidate Statement, Vicky Hazley

I am a current member of the Management Committee and running for re-election. I also served as the Alternate Chapter Representative. If elected, I would have the opportunity to review and provide input on Sierra Sage matters. I would continue to participate in activities that showcase and promote the Sierra Sage Group in Orange County.

I have supported the Sierra Club by participated in tabling events such as Ocean Awareness Day in Dana Point and Panhe at San Mateo Campground. These public outreach events provide educational opportunities to help the public understand the need to protect nature and how to get out and enjoy outdoor areas.

I became a member of the Sierra Club Sierra Sage Group several years ago. I have participated in numerous day hikes and six Sierra Club Outings trips. I'm registered for Leadership Training Course and Leader's Hike this fall. I have enjoyed exploring nature's beauty and the importance of leaving it in a condition for others to appreciate.

■ Candidate Statement, Tina Bach

I would like you to consider supporting me for the Executive Committee as it seems that the very worthy people currently on the Committee could benefit from some relief. I have supported the Sierra Club by participating in public outreach, and this year made the commitment and became a Life Member. I am in the process of becoming a hike leader. I would like to contribute to the outings offered to our Sierra Sage members and participate in interest groups across the Club so I could function as an automatic connector between Sierra Sage and other groups in the Angeles Chapter and beyond.

I completed the Wilderness Travel Course, became a member of the Chapter's Water Committee and the Hundred Peaks Section (HPS). I started to help John Kaiser with his trail maintenance efforts in our local mountains and look for more opportunities to help Sierra Sage be as valuable and enjoyable for you as possible. As part of the Executive Committee, the opportunities would be greater and more numerous and I could learn first-hand from the extraordinarily experienced and knowledgeable people currently serving there like our long-time Executive Committee Chair, Mike Sappingfield.

> > WINTER SKILLS CLASS < <

November 13, 2019, 6 – 9 pm

Come join the OCSS and the Sierra Sage for this fun and free evening class in which experienced Sierra Club leaders will discuss the subject of **winter sports** (hiking, camping, and more, all while in the snow). Topics will include sleeping systems, sleeping bags, ground pads, four-season tents, apparel (layering), insulated boots, snowshoes, stoves/cooking, train ing for winter hiking, and more. This class will impart the basic knowledge to be prepared to participate in several upcoming Sierra Club winter outings, including several OCSS bus trips to Mammoth Lakes, and to be able to make good decisions about what gear to rent, to buy, and to bring.

This one-time class will be held at the **REI Coop, 2962 El Camino Real, Tustin, CA 92782**. From the 5 Freeway in Tustin, exit at Jamboree Avenue off-ramp, head north one block to the Tustin Marketplace. Make first left into the parking lot. REI will be on the left (south) side of the parking area.

Governor Signs Legislation Dealing a Major Blow to the Cadiz Inc. Mojave Desert Water Mining Project

by John Monsen

Today Governor Newsom signed Senate Bill 307 into law, dealing a major setback to the Cadiz Inc. water mining project in the Mojave Desert. The legislation, a victory for the Sierra Club and its allies, will require a stringent safety review by the State Lands Commission of projects that could impact desert water resources. The governor noted that the new state review will be based on “independent scientific analysis” and that for a project to go forward it must demonstrate “certainty that it will not threaten important natural or cultural resources.”

Cadiz had hoped to extract 16 billion gallons of water a year from underneath the Mojave Trails National Monument near Joshua Tree National Park. Adding to momentum to passage of the bill were two recent scientific studies confirming earlier findings by the United States Geological Survey that the Cadiz project was unsustainable and would dry up springs essential to the survival of desert life. In December 2018 the Department of Fish and Wildlife found the project’s environmental review (EIR) to be inadequate.

SB 307 was authored by State Senator Richard Roth of Riverside and championed by principal co-authors Laura Friedman (D-Glendale) and Anthony Portantino (D-Pasadena). It gives the State Lands Commission two years to review the Cadiz project in consultation with the Department of Fish and Wildlife and the Department of Water Resources. For Cadiz to go forward the commission must certify that the project “will not adversely affect the natural or cultural resources” of public lands in the Mojave Desert. This will be a challenging standard for Cadiz to meet but that doesn’t mean they won’t try.

The Cadiz response has been to fund over a million dollars in “independent” research by the Three Valleys Municipal Water District (San Dimas, Claremont, Pomona). That is not independent of Cadiz, Cadiz funding or Cadiz-allied consultants. They hope to use the results with the State Land Commission.

Hiking Trip to Coastal Redwoods, July 11–18 or 19, 2020

Advance Notice: Applications to Be Available On or After October 1, 2019

Leaders: Mike Sappingfield, Linda Ledger

This is an advance notice of a hiking trip to the Coastal Redwoods State and National Parks in July of 2020. The plan is to fly to Oakland on the morning of July 11, then hike and sightsee throughout the Redwood National Park, Humboldt Redwoods State Park, the Prairie Creek Redwoods State Park, Del Norte Redwoods State Park, and the Jedediah Smith Redwoods State Park with hikes from 5 to 8 miles in each of the parks. Between hikes, we plan to visit the beaches and lagoons, a lighthouse or two, and check out the other local attractions such as large herds of Roosevelt Elk. We might even take a jet boat tour of the Klamath River.

■ **Physical Conditions.** This is primarily a hiking trip. The hikes will have two leaders on each hike, and go at a moderate pace. Participants must be able to hike several days in a row with climbs of 600 to 1200 feet and stay up with the group. If you want to go faster than a moderate pace, you should not come. We intend to enjoy the scenery. Conversely, if you have trouble staying up with the group, this may not be the trip for you. All participants are expected to participate in all hikes.

■ **Food.** Breakfasts and some lunches will be provided. Dinners and most lunches are on your own.

■ **Lodging** will be in hotels (3-Star and 4-Star hotels) every night with most rooms having 2 people to a room. A few private rooms will be available for an additional cost.

■ **Cost** for the trip with 2 people to a room have not yet been finalized but we expect to be in the range of \$1400 to \$1600 per person.

On **October 1**, when we begin accepting applications, we will have a final itinerary, final cost figures, and a list of the hikes planned to share with interested parties. You can request application forms via email at mikesapp@cox.net, or via postal mail to Sierra Sage Group, P. O. Box 524, Lake Forest, CA 92609 on or after October 1, 2019.

Thomas F. Riley Wilderness Park
30952 Oso Parkway | Coto De Caza, CA 92679

Join us at 2:00 PM for an 3-4 mile easy hike loop through groves of massive Oak trees, meadows, up hills to a vista point, and back to the car. This hike is designed for families with children (5 years and older) and with a relaxed pace. We will point out flowers, and other items of interest. Riley Park is at the East end of Oso Parkway just before the Coto de Caza entrance gate. Parking is \$3 at a machine (takes cash, credit cards, and OC Park Passes). We will meet in the Parking Lot next to the Horse Corral. Contact leaders for more information.
